Cigarettes are used throughout the performance, mainly center stage, near the table. All smoking occurs over the installed floor.

The sparkler is used at the end of Act I after KJ's character requests a sparkler. It is lit center by the table by 'Jasper', and handed downstage to 'KJ'. It spends the rest of the time before the end of the act Upstage Center, between the dumpster and the coffee house wall. The actor then brings the sparkler off stage, UC, and puts it in the bucket of sand, located directly Upstage of the drain pipe wall. This moment lasts a maximum of 60 seconds.

Melissa Martinez will be stationed backstage with fire extinguishers, in the unlikely event of a fire. Intermission follows directly after the sparkler, and Melissa will be walking the stage during intermission to check for any smoldering.
