Dear Diane,

This is a belated email to say thank you so much for all the help with the Showcase this year! You always go above and beyond in making it happen and we are so grateful to you.

We felt like this was a really strong year and all the companies, students, teachers, and general public that came to the event were really thrilled with the shows! We owe a bunch of this to you :)

Hope you have a great summer and enjoy China!!! Talk to you soon!

Best,  
Chris, Eleanor, Richon, & Shannon

Diane, we wanted to send a quick note letting you know much more we appreciate you, our long relationship and your work. It's clear you care about TWTC and thank you for the extra help getting things set up with Lydia and then turning out a beautiful show. This show is a sort of pinnacle for us as we now enter our second decade. You have been there for the start and helping us when we could only pay around \$300. It's surreal to see the company reach this point in only ten years and you are a huge part of why our shows have some of the best production values in the city. Thank you for your talent and generosity of spirit and being a part of our TWTC family.

From Intro to Theatre Midterm exam:  
(re: Peter Brook and In the Wings material)

“This book was such a great aid in really displaying theatre for what it is, in its many different forms. The supplemental "in the wings" assignment was the key to the big picture of theatre. This is the most I have ever learned in any liberal arts course. This was the only liberal arts course I have enjoyed. I do not regret my decision in taking this course and I have already recommended it to other students. YOU made it possible for me (and everyone else) to really get the most out of this course by allowing us to have a free range of responses to each assignment. This has allowed me to engage, learn and truly enjoy this class. Thank you so much for always providing feedback on our responses, that alone makes me more inclined to do better in the class and stay on top of the assignments.”

Diane,

I really enjoyed last night's performance of *Dark Nights*. Your lighting design was superb and an amazing match to the script and the music. There was an exceptionally high level of energy in the pace of the show and in your lighting design—they "lived" so well together!

Congratulations!

Kevin
